

CUTform Policy

We here at CUTform are committed to provide professional management, coordination and cost efficient serial manufactured components which meet and exceed relevant statutory, regulatory and customer requirements, needs and expectations.

Our policy is divided by the following areas:

HEALTH AND SAFETY

We have a strong commitment to follow the Occupational Health and Safety requirements of OHSAS 18001 by adhering to all the rules and regulations and preventing injuries as well as continuously improving the related management systems.

ENVIRONMENT

The employees of CUTform are constantly reviewing its progress to minimize the use of packaging and ensure waste segregation is controlled and regulations followed. CUTform seeks to continually improve its environmental performance and prevent pollution through operating an ISO 14001 compliant management system.

QUALITY

Quality policy is driven by communication, understanding and fulfillment of the needs of our customers. We achieve our commitments for quality, cost, and schedule. CUTform drives continual improvement and innovation based upon efficient business processes, measurements and customer surveys and all requirements of ISO 9001.

By showing strong management involvement and commitment, we here at CUTform develop staff competencies, creativity and accountability through appropriate trainings.

Through the use of these guiding principles, we strive to be the most reliable manufacturing source in the component market, allowing our partners and customers' flexibility and control in the supply chain. Our goal is 100% customer satisfaction 100% of the time.

The Policy is regularly reviewed by the management for continuous sustainability. The Policy is put into practice through the Objectives set by the management. The implementation of our Policy will ensure our customer satisfaction, success of company and welfare of each employee.
